DEAR MADAM:—The reputstion of the Medical Discovery, in curing all kinds of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.

The great celebrity and increasing demand for this unequated preparation, convinces the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation in use. It ciennees the head and scalp from dandruff and other cutaneous diseases, causing the hair to grow luxurfantly, giving it a rich, soft, glossy and fiexible appearance, and also, where the hair is loosening and thinning, it will give strength and vigor to the roots and restore the growth to hose parts which have become baid, causing it to yield a resh covering of hair.

strength and vigor to the roots and reators agrown hose parts which have become baid, causing it to yield a reah covering of hair.

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this Invigorator, when all other preparations have failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest red sectability. It will effectually prevent the hair from turning until the latest period of life; and in cases where the hair has already changed its color, the use of the Invigorator will with certainty restore it to it to its original hue, giving its afair, glossy appearance. As a perfume for the toilet and a Hair Restorative it is particularly recommended, having an agreeable fragrance; and the great facilities it affords in dressing the hair, which, when moist with the Invigorator, can be dressed in any required form so as to preserve its place, whether plainfor in ouris; hence the great demand for it by the ladies as a standard toilet article which none ought to be without, as the price places it within the reach of all, being

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the children's hair inclines to be weak. The use of it lays the foundation for a good head of hair, as it removes any impurities that may have become connected with the scalp, the removal of which is necessary both for the health of the child, and the future appearance of its Hair.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spaiding's great headashe remedy, but it will soon be used in a more general way, and the word Cephalic will become as common as Hiestrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

Constipation or Costiveness

Constipation or Costiveness.

No one of the "many ills that flesh is hair to" is so prevalent, so little understood, and so much neglected as Costiveness, often originating in carelessness, or sedentary habits. It is regarded as a slight disorder, of to little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated, it will bring the sufferer to an untimely grave. Among the lighter evils of which Costiveness is the usual attendant are Hendache, Colic, Rheumatism, Foul Breath, Piles, and others of like nature, while a long train of frightful diseases, such as Malignant Fevers, Abcesses, Dysentery, Diarrhean, Dyspeysia, Apoplexy, Epilepsy, Paralysis, Hysteria, Hypochendriasis, Melancholy, and Insanity, first indicate their presence in the system by this galarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is eradicated in an early stage. From all these considerations, it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cophalic Fills on the first appearance of the complaint, as their timely use will expel the insidious approaches of disease, and destroy this dangerous foe to human life.

A Real Blessing

Physician.—Well, Mrs. Jones, how is that headache?
Mrs. Jones.—Gone! Doctor, all gone! the pill you

would send me more, so that I can have them handy.
Physician.—You can get them at any Druggists. Call

Mrs. Jones.—I shall send for a box directly, and shall

Twenty Millions of Dollars Saved.—Mr. Spalding has sold two millions of bottles of his celebrated Prepared Glue, and it is estimated that each bottle saves at least ten dollars worth of broken furniture, thus making an aggregate of twenty millions of dollars reclaiming from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue, Heacaches will soon vanish away like snow in July.

Il Poven excrement, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint, is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cophalic Pilis whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACTS WORTH EMOWING.—Spaiding's Cephalic Pilis at certain cure for Sick Headache, Bilious Headache erv us Headache, Costiveness, and General Debility

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pex, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

IIF Did you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food? How totally unfit you were for pleasure, conversation, or study? One of the Cephalic Pills would have relieved you from all the suffering which you then experienced.
